Betsy,

See Christina Miller's note below. What information do we need from the DAs to regarding dismissed/plead cases?  
Julie

Dear Julie,

I hope you had a great weekend. Amongst other efforts, I am working on how we can notify you of pleas. We, typically, do not have the drug lab number associated with the case. If we give you a docket number or police report (cc) number, would that be sufficient information for you to find the drugs associated with the case?

Also, we are meeting with John Grossman on several matters, one of which being the issues we discussed. I'll let you know how that goes.

Thank you for your time,

*Christina Miller*
